Nemelka Racing Pigeon Loft (NRPL) is a small back yard loft that focuses on old bird racing and one loft races. NRPL does not focus on strains or famous names, but seeks to acquire performance pigeons from successful European Lofts. Over the last 3 or 4 years, NRPL has been one of the most competitive breeders in One Loft Races winning money out of turn in many of the most competitive and largest One Loft Races in the United States.

One Loft Race Results (ALL \$\$ winning & actual positions - no '= drops'):
